*Chairman Van Buren asked if he understood that he was supposed to contact the City before he cut trees down and Mr. Barrett said he did not and that he stopped as soon as he received the cease and desist letter. He said he didn't mean to get ahead of himself with the tree cutting but needed to see if it was possible to build out there before he spent the money on a survey.*

*Chairman Van Buren asked how he proposes to leave the stream better than it is. Mr. Barrett said he would dig it out about two feet and put a galvanized or concrete pipe in it and then cover it up.*

*Chairman Van Buren asked why he did not have a letter from the residential neighbor directly impacted and why a zero buffer. Mr. Barrett said that the neighbor wants half a million dollars for his house and doesn't want it appraised so he is unable to give him a valid offer for the property. He said he wants to build a retaining wall so technically it is not zero buffer as there will still be 15ft buffer.*

*Chairman Van Buren asked what he plans to do if the variance is not approved. Mr. Barrett said he would probably put the building up for sale next year.*

*Mr. Clark asked what the neighbors are saying about his development plans and how high is the retaining wall he plans to build. Mr. Barrett said the neighbor would not sign the letter because it was his father who would need to sign and his father wants him (Mr.*

*Barrett) to buy his property. He said the wall will be 14-15 feet.*

*The public hearing was closed.*
