Marietta Reads!

Celebrate This 9th Annual Event on the Marietta Square, September 24

Marietta Reads!, the Marietta City Schools (MCS) citywide effort to foster reading and literacy in the community, celebrates its ninth-year anniversary on Saturday, September 24, 2011 in Glover Park in Marietta Square from 10 a.m. to 2 p.m. The annual event offers a variety

of literacy activities — a book fair, book costume characters, celebrity readers — and family-friendly entertainment including MCS school drama, dance and chorus performances, plus guest appearances by Mari-ETTA, the *Marietta Reads!* mascot. ⚡

Clean Up with Cash Savings by Switching to a Marathon Electric Water Heater

Like most homeowners, you're probably always on the lookout for ways to save money and energy around your home. When it comes to finding the most efficient water heater, you can finally look no more.

Marietta Power and Water has just the solution with the Marathon electric water heater.

Guaranteed never to leak, Marathon has the highest efficiency rating in the industry — .94 on the 40 & 50 gallon, .92 on 75 & 85 gallon, .91 on 105 gallon. Plus, Marietta Power and Water is currently offering a tidy rebate sum of \$250 as an incentive to switch from your gas water heater to a new Marathon electric water heater.

Here are a few more reasons why the Marathon electric water heater leaves gas heaters underwater:

- ▷ Envirofoam™ insulation is completely free of CFC and HCFC ozone depleting gases. Marathon leads the way in environmental friendly manufacturing, design and operation.
- ▷ Seamless blow molded polybutene tank with no anode rod required for a corrosion-free life.

continued

Clean Up with Cash Savings by Switching to a Marathon Electric Water Heater *continued*

- ▷ Marathon water heaters have the lowest disconnect heat loss of any “tank-type” water heaters made.
- ▷ The heater’s unique high temperature dip tube is offset from the concave bottom, creating a “whirlpool effect” which helps prevent sediment build-up.
- ▷ It looks great and it’s easy to clean both internally and externally.

If saving money and energy weren’t already incentive enough to switch, you’ll even get help with the installation process

from Marietta Power and Water. We will size the water heater for your residence, contact the plumber, and set up an installation date for your new Marathon electric water heater.

You may also qualify for 90 days same as cash or 12 monthly payments for the cost of the water heater. As an extra bonus, Marietta Power and Water will simply include a portion of the bill on to your monthly utility bill.

To get started on your money and energy savings today, give Marietta Power and Water a call at (770) 794-5106. ⚡
