Our Goal is to Provide You with a Safe and Dependable Supply of Drinking Water

Safe drinking water is critical to the physical and economic health of our community. The delivery of high quality, safe drinking water is our mission. Achieving and maintaining water quality through the treatment and conveyance is an intricate and complex process. Each year, we compile an annual Water Quality Report with data describing our perpetual evaluation of your drinking water quality. We hope that providing you with this report will impart confidence in the safety and quality of your drinking water.

Marietta Power and Water's new Water Quality Report is now available on our website and contains details of the drinking water testing that was performed between January 1 and December 31, 2017. Our water is continually monitored for quality control and assurance, both at the treatment plant and in the distribution system. Thousands of water samples are taken and tested each year to monitor for substances such as pesticides, herbicides, microbial, organic and inorganic contaminants. This monitoring, once again, confirms that your water supply meets or exceeds all state and federal drinking water standards.

"Our staff continues to work hard every day—at any hour—to deliver the highest quality drinking water without interruption. This report meets the federal Safe Drinking Water Act (SDWA) requirements for the Consumer Confidence Report (CCR) and contains information on the source of our water, its constituents, and the health risks associated with any contaminants." said Tim Marshall, Environmental Compliance Coordinator.

To access the Water Quality Report, you can go online to <http://www.mariettaga.gov/DocumentCenter/View/6107/2017-Water-Quality-Report-PDF> , or to request a paper report delivered to your home, call (770) 794-5229. We are always available to assist you should you ever have any questions or concerns about your water. For more information, visit our website at mariettapowerandwater.com. 💧

Congratulations to Everyone Who Participated in the APPA and Georgia Lineman Rodeo

Marietta Power and Water Journeymen and Apprentice Linemen recently participated in the both the American Public Power Association's and Georgia Lineworkers Rodeos.

At each Rodeo, journeymen and apprentice lineworkers showcase both their skill and knowledge and compete for professional recognition, attend training courses, and practice essential skills in a safe environment.

On April 27-28, several Marietta Power and Water employees participated in the American Public Power Association's (APPA) Lineworkers Rodeo. Our Journeymen and Apprentice Linemen received an impressive 4 awards overall.

Results from the Georgia Lineman Rodeo held on Saturday, May 12 included 1st, 2nd and 3rd place awards for our Linemen Teams, as well as 1st and 3rd place awards for our Apprentice Linemen.

Congratulations to all on a job well done! 💧

Calendar

Wednesday, July 4
