Marietta Water Has Zero Calories, Tastes Great, and Costs Less than a Penny a Gallon!

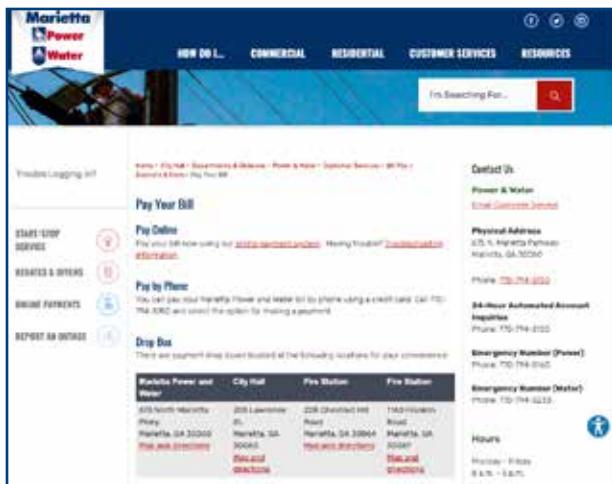

Safe drinking water is critical to the physical and economic health of our community. The delivery of high quality, safe drinking water is our mission. Achieving and maintaining water quality through treatment and conveyance is a complex process. Each year, we compile an annual Water Quality Report with data describing our continuous evaluation of your drinking water quality. We hope that providing you with this report will give you confidence in the safety and quality of your drinking water.

Marietta Power and Water's new Water Quality Report is now available on our website and contains details of the drinking water testing that was performed between January 1 and December 31, 2018. Our water is continually monitored for quality control and assurance, both at the treatment plant and in the distribution system. Thousands of water samples are taken and tested each year to monitor for a variety of substances or contaminants. This monitoring, once again, confirms that your water supply meets or exceeds all state and federal drinking water standards.

"Our staff continues to work hard every day—at any hour—to deliver the highest quality drinking water without interruption. This report meets the federal Safe Drinking Water Act (SDWA) requirements for the Consumer Confidence Report (CCR) and contains information on the source of our water, its constituents, and the health risks associated with any contaminants," said Tim Marshall, Environmental Compliance Coordinator.

To access the Water Quality Report, you can go online to <http://www.mariettaga.gov/DocumentCenter/View/8459/2019-Quality-Report-CCR-PDF>, or to request a paper report delivered to your home, call (770) 794-5229. We are always available to assist you should you ever have any questions or concerns about your water. For more information, visit our website at mariettapowerandwater.com or to view previous years' reports, please visit the water quality section of the Marietta Power & Water website at: <http://www.mariettaga.gov/570/Water-Quality-Report>. 

We Now Offer Another Way to Pay

The screenshot shows the Marietta Power and Water website. The top navigation bar includes links for HOW DO I..., COMMERCIAL, RESIDENTIAL, CUSTOMER SERVICES, and RESOURCES. A search bar is present. The main content area features a "Pay Your Bill" section with links for Pay Online, Pay by Phone, and Drop Box. It also includes a "Contact Us" section with physical addresses for Power & Water and Fire Station, phone numbers, and email addresses. A sidebar on the left lists various services: Pay Your Bill, Pay Online, Pay by Phone, Drop Box, Start/Stop Service, Rebates & Offers, Online Payments, and Report an Outage.

Marietta Power and Water customers have always had the ability to pay their utility bill by phone with a credit card. Our automated phone system now offers customers the ability to pay by e-check as well.

The process is simple. You will need your Marietta Power and Water account number, your bank routing number and checking account number. Simply call (770) 794-5150 and select option one. From there you will be prompted to enter the additional information required to make a payment. It's that easy.

For more payment options, please visit www.mariettapowerandwater.com. 

Don't Wait... Prepare Now

Marietta Power and Water strives to restore power outages quickly and safely. When severe weather strikes, heavy wind and lightning can cause severe damage and loss of power. Cobb & Douglas Public Health encourages residents to prepare for emergencies by creating a disaster supply kit of basic household items, such as a 3-day supply of food and water, flashlight, extra batteries, first aid kit, and a battery-powered radio. Visit cobbandouglaspublichealth.com/emergency-preparedness for more information on preparedness and ready.ga.gov to learn how to customize a kit for your family. To contact the Center for Emergency Preparedness and Response, call (678) 784-1080.
