Conduct a **VIRTUAL ENERGY ASSESSMENT** from the Comfort of Your Own Home

Spring is the perfect time to conduct a home energy audit, and with our Virtual Home Energy Calculator, you can do just that. By entering basic information about your home, the calculator easily estimates your energy bills and potential savings.

To use this handy calculator, first visit www.mariettapowerandwater.com.

- Click on the *"Residential"* tab in the top navigation bar.
- Once on the Residential page, click on *"Power,"* then *"Residential Energy Calculator."*

The Virtual Energy Assessment button is located to the right of the page.

- Click the button and start building your home profile.
- Enter your location using your zip code or city name.

The questions include standard questions about your home, for example: home size, number of people living in your home, amount of insulation, type of heating and cooling systems, etc. Some areas have basic choices or optional advanced details sections for a more accurate energy cost estimate.

- Click on one of the pre-defined options. A checkmark will appear above your selection, then click *"Next"* when you're done.

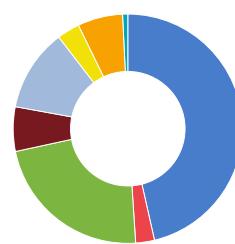

- After you've answered all the questions, click the *"Show Analysis"* button at the bottom of the page to see your results.

It's that easy! You are not required to fill out every section, but the more sections you can complete, the more accurate the calculations will be.

- To download a personal summary report with your home's unique evaluation, click *"Bill Analysis"* in the top navigation bar.

You can also see the calculator's estimate of your electricity and fuel use during the past year based on how you described your home in the home profile, your actual weather, and your utility's rates. For more energy saving tips, visit www.mariettapowerandwater.com. 

Your Annual Electric Cost Breakdown

- Cooling: 46%
- Heating: 2%
- Water Heating: 22%
- Cooking: 6%
- Refrigeration: 12%
- Lighting: 4%
- Other Appliances: 7%
- Dishwasher: 1%

Paying Your Utility Bill with Cash Is Quick and Easy

Since our lobby remains closed due to COVID-19 and recommendations from the CDC, Marietta Power and Water has introduced a **new cash payment option**. CheckOut by PayGo allows customers to pay their utility bill with cash while shopping at participating retail stores.

Follow these simple steps to use this convenient payment option:

1. Visit www.mpwcheckout.com.
2. Type in your Marietta Power and Water account number found on your utility bill.
3. You will instantly receive a barcode. To save your barcode, you can email, print, or save a picture of your barcode on your mobile device. Your barcode is unique to

your account and will be scanned each time you pay. A barcode is also included on your printed utility bill.

4. Present the barcode when checking out at one of the participating retail locations.
5. The payment amount will be added to your total purchase and your utility account will be credited when you check out.

Current participating retail stores include CVS Pharmacies, Family Dollar, Dollar General and Walgreens. More retailers will be added soon! Visit www.mpwcheckout.com periodically to find additional retail locations. A convenience fee of \$1.95 will be added to every cash payment. For more information, visit www.mariettapowerandwater.com.
