MARIETTA WATER IS EXCEEDING THE CHALLENGE OF PROVIDING QUALITY DRINKING WATER TO OUR CUSTOMERS

Water is important to all of us — its availability and its quality. Marietta Water is pleased to announce that your drinking water meets and exceeds all state and federal standards established by the U.S. EPA.

We have taken many water samples in order to determine the presence of any radioactive, biological, inorganic, volatile organic, or synthetic organic contaminants. Our annual water quality report covers all drinking water tests performed between January 1 and December 31, 2020. We hope this report will help you better understand how the water you drink is protected, treated, and tested.

Marietta Water is committed to providing our consumers with high-quality water and excellent customer service. Please remember that we are always available to assist you, should you ever have any questions or concerns about your water. To access the Water Quality Report, you can go online to <https://www.mariettaga.gov/DocumentCenter/View/11862/2020-Water-Quality-Report-PDF>. If you would like to receive a paper copy of the report or have questions, please email your request with your mailing address to: tmmarshall@mariettaga.gov. To view previous years' reports, please visit the water quality section of the Marietta Power and Water website at: <http://www.mariettaga.gov/570/Water-Quality-Report>. 💧

Project SHARE Helps Your People in Your Community

Project SHARE is an emergency-assistance program funded through the generosity of people just like you. Your contributions to Project SHARE are administered locally by the Marietta Salvation Army Corps and provide less fortunate families assistance with emergency energy-related expenses. This may include electric, gas or oil bills, repair of vital heating or cooling equipment, and other emergency needs such as food, shelter and medicine.

...Continued

By donating as little as \$1 each month on your Marietta utility bill, you can assist your fellow Marietta and Cobb County neighbors. Marietta Power and Water matches each customer's contribution dollar-for-dollar.

To enroll in Project SHARE, visit www.mariettapowerandwater.com, click on "Customer Service" in the top navigation bar, then "Project SHARE" in the right column.

Download and complete the PDF form and email it to: thepower@mariettaga.gov, return it with your next utility payment or mail it to:

Marietta Power and Water
Customer Service Division
675 North Marietta Parkway
Marietta, GA 30060-1528

For more information on how Project SHARE helps those in need in our community, call Project SHARE at (800) 25-SHARE. 💧

Adjust Your Thermostat and Save

You can stay cool and keep cooling costs down by adjusting your thermostat by only a few degrees. The smaller the difference between the indoor and outdoor temperatures, the lower your overall cooling bill will be. By setting your thermostat at 78°F or higher, you can reduce cooling costs by up to two to three percent for each degree of adjustment.

Keep in mind that the location of your thermostat can affect its performance and efficiency. To operate properly, a thermostat must be on an interior wall away from direct sunlight, drafts, doorways, skylights, and windows.

If you have a programmable thermostat, you can set the temperature higher or lower based on

when you are home or when you are sleeping. Programmable thermostats can typically store and repeat six or more temperature settings per day. Plus, you can manually override the temperature without affecting the rest of the daily or weekly program. The key is to establish a program that automatically reduces heating and cooling in your home.

If you have a manual thermostat, you can still see utility bill savings by adjusting the temperatures daily before you leave the house and when you go to sleep. Typically, adjusting temperatures 5-8 degrees (down in winter, up in summer) can help save energy if you're going to be away from home for several hours or several days. For more energy-saving tips, visit www.mariettapowerandwater.com. 💧

Calendar

Event information may have changed due to the coronavirus (COVID-19). Please confirm details with organizers before attending an event.
