## Energy Savings Made Easy: Insulate Your Water Heater Today

Insulating your water heater is a smart solution if you're looking for an easy and cost-effective way to save energy and lower your utility bill. Water heaters lose heat through tank walls, especially in colder areas like garages or basements. Insulating the tank reduces heat loss, allowing the water heater to maintain its temperature more efficiently. This means less energy is required to reheat the water, lowering energy bills.

Water heater insulation jackets are inexpensive and widely available at hardware stores. Installation is simple and requires only basic tools, making it a great DIY project. Before insulating your water heater, check the manufacturer's guidelines to ensure compatibility, especially if you have a gas-powered unit.

## Budget Billing

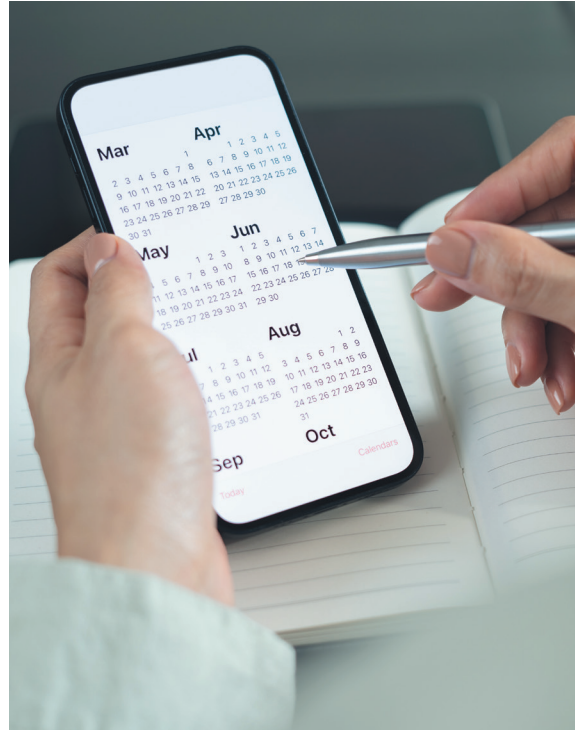

If you're looking for a better way to stabilize your monthly energy bill, Marietta Power and Water's Budget Billing Program is perfect. You'll have the peace of mind of knowing your monthly bill will be consistent.

To qualify, you must:

- 1 be a Marietta Power and Water residential customer
- 2 have been a customer in good standing for 12 months
- 3 commit to the Budget Billing Program for a full 12-month period.

Your monthly budget billing amount is based on the average of your actual charges for the last 12 months. This average will be the set amount of your bill every month for 12 consecutive months. On your annual sign-up date (12th bill), your account will be credited for any overpayment made, or a charge for the difference owed will be reflected on that bill.

To sign up for budget billing, visit **[MariettaGA.Gov/1516/Budget-Billing](https://MariettaGA.Gov/1516/Budget-Billing)** and complete the online form. If you have any questions about the program, please call Marietta Power and Water's Customer Service Department at (770) 794-5150.
