ADMINISTRATIVE POLICIES AND PROCEDURES

I. PERMIT REQUIRED FOR USE OF PUBLIC RIGHT OF WAY: A permit is required for any commercial film activity which involves the use of public or private property or the public right-of-way in any one location for longer than five (5) consecutive minutes, or impacts the public right of way beyond normal traffic. (Examples: on-street parking; interruption of vehicular or pedestrian traffic flow; placement of flats, cameras, lights or other equipment on public property.

Application will be made on the City's standard form (attached) and presented to the Director of Parks and Recreation or his/her duly appointed representative for review. Early application is recommended as permits are issued on a first come first served basis, and time may be needed to work out any difficulties associated with the planned activity. Requirements may vary depending on the impact of the activity as defined below:

II. NOTIFICATION OF AFFECTED BUSINESSES AND RESIDENTS: The Production Company will notify all businesses and residents affected by the activity. Notification should take place following the City's review of the application, and no less than three (3) business days prior to the planned activity. Earlier notification may be required in cases where planned activities may have a significant impact on normal activities of the area (Example: activities impacting parking or traffic in the downtown business district, see Section VII.C). Exceptions may be made in special situations. The area to be covered by notification may vary depending on the impact of the planned activity, but will be a minimum of all businesses or residents in the linear block in which the activity is to occur.

III. TRAFFIC CONTROL AND STREET CLOSURES: Approval must be obtained prior to any film activity which would disrupt the normal flow of traffic. Traffic control, if needed, must be handled by off-duty police officers hired by the Production Company through the City's Parks and Recreation office. Interruption of traffic on state routes or closure of state routes requires prior approval from the Georgia Department of Transportation (GDOT), as well as the City. The film liaison office will provide the Production Company with the appropriate contact at the GDOT.

SPECIAL EFFECTS, EXPLOSIVES AND SIMILAR DEVICES: No film activity which involves the use of explosives, pyrotechnics, fire, smoke-making machines or other special effects may be undertaken unless specifically approved by Marietta Fire & Emergency Services. Marietta Fire and Emergency Services will not issue a permit until they have received the certificate. The film liaison can provide a contact at the Probate Court.
