

708.17 RRC, Regional Retail Commercial

A. Purpose and Intent.

The RRC district is intended to provide suitable areas for intense retail commercial, office and mixed use developments which exceed 250,000 net square feet and which are designed and oriented to serve a regional market. The regulations which apply within this district are designed to encourage the formation of compatible and economically healthy business and service uses which benefit from close proximity to each other. As such, projects developed in the RRC district should be compact unified centers and must have direct access to either I-75, Cobb Parkway or SR 120 Loop.

 - n) beverage shops

All retail trade involving the sale of merchandise on the premises, where a single tenant occupies more than 40,000 square feet are subject to the following conditions:

1. All exterior building elevations that face public streets and/or customer parking areas shall be designed so that there are no large expanses of blank walls. These building facades shall include architectural elements such as, but not limited to, doors, entry areas, display windows, pilasters, columns, horizontal and vertical offsets, material and color variations, decorative cornices, awnings, canopies, murals, and graphics. In order to assure conformance with this requirement, exterior-building elevations must be reviewed and approved as a part of the overall final site plan review process.
2. Any roof or part thereof of a large retail establishment that is visible from a public right of way must conceal rooftop equipment such as HVAC units from the public view.
3. Bulk sanitation containers shall be enclosed and have a solid gate. The enclosure shall be on all four sides and be constructed of material that is opaque and compatible with the design, materials and color sections of the principle building.
4. Sidewalks, no less than eight (8) feet in width, shall be provided along the full length of the building along any façade featuring a customer entrance, and along any façade abutting public parking areas. No displays shall be placed within this eight (8) foot sidewalk width. Such sidewalks shall be located at least six (6) feet from the façade of the building to provide planting beds for foundation landscaping, except where features such as arcades or entryways are part of the façade.

5. Exterior finishes shall be primarily masonry, stone, or a combination of these. Exterior finishes that are plain concrete block, plain concrete, predominantly metal, plywood, split-faced block, sheet pressboard, and other similar materials are not allowed.
6. All outdoor lighting shall be designed so as not to adversely impact surrounding uses, while also providing a sufficient level of illumination for access and security purposes. Such lighting shall not blink, flash, oscillate, or be of unusually high brightness. Also, parking areas shall be illuminated so as to provide appropriate visibility and security during hours of darkness.
7. Sidewalks at least eight (8) feet in width shall be provided along all sides of the lot that abut a public street.
8. Continuous internal pedestrian walkways, no less than eight (8) feet in width, shall be provided from the public sidewalk or right-of-way to the principal customer entrance of all large retail establishments on the site. At a minimum, sidewalks shall connect focal points of pedestrian activity such as, but not limited to, transit stops, street crossings, building and store entry points, and shall feature adjoining landscaped areas that include trees, shrubs, benches, flower beds, ground covers, or other such materials for no less than fifty (50) percent of the length of the walkway.
53. Shelters for the homeless. Minimum one acre lot size.
 - a) Such use shall be located at least 750 feet from residentially zoned property.
 - b) Such use may not be established within 1000 feet of any other shelter for the homeless.
 - c) All facilities shall comply with the criteria established for residential uses as per Southern Building Code Congress International (SBCCI) as amended.
54. Shopping centers and regional malls. All businesses and uses within these centers must be permissible within the district in their own right (and remain subject to any relevant distancing requirements) except dry cleaning plants utilizing petrochemicals. All loading areas shall be located to the rear. Car rental facilities shall be permitted provided they meet the following criteria:
 - a) All vehicles must be stored or otherwise kept to the rear of the shopping center.
 - b) No vehicle maintenance shall be performed on site except vacuuming and washing of vehicles.
 - c) The number of vehicles stored or otherwise kept on site cannot exceed twenty.
 - d) All vehicles on site must be in good working order.
55. Stations, bus or train terminals for passenger service.
56. Taxi stands and dispatching agencies.
57. Vehicle leasing or rentals.
58. Wineries, including accessory tasting rooms (subject to Marietta Municipal Code Chapter 8-8 Alcoholic Beverages).
 - a) Production shall be in a wholly enclosed building.
 - b) Any building or structure established in connection with such use shall be set back not less than 50 feet from any residentially zoned property.
 - c) Production space over 15,000 square feet shall require a Special Land Use by the City Council subject to Section 712.01.
59. Zoos and other wildlife management facilities.
60. Other uses which are substantially similar in character and impact to those uses enumerated above. Such uses must clearly meet the purpose and intent of this zoning district.
61. Accessory uses and structures incidental to any legal permitted use.

DISTRICT STANDARDS AND PERMITTED USES

C. Temporary/Conditional Uses Allowed by the Director of the Department of Development Services.

1. Certain temporary uses such as tent sales, sidewalk sales, or the sale of goods from any temporary location, including but not limited to, holiday sales, fireworks sales or Christmas tree sales, may be permitted within this district, provided:
 - a) Written permission of the property owner is obtained.
 - b) Such use does not last longer than 45 days consecutively.
 - c) These uses are not located within 25 feet of any public right-of-way.
 - d) Adequate parking, ingress and egress are provided on site.
 - e) A temporary use permit is applied for and approved by the Director of the Department of Development Services.
 - f) No more than 2 temporary use permits may be allowed per parcel for a total of 90 days annually.

(Leases for temporary sales existing at the time of revision to this ordinance will be honored until the expiration of the lease or until December 31, 2007, whichever is earlier.)

2. Mobile Retail Food Establishment shall be allowed on property zoned RRC according to the restrictions listed below:
 - a) Written permission of the property owner is obtained.
 - b) Such use does not last longer than 3 days consecutively and 12 days annually.
 - c) These uses shall be located at least 50 feet from any property line and not within any public right-of-way or City owned property, unless otherwise authorized by the City.
 - d) If property is within fifty (50) feet of a residentially zoned parcel, measured property line to property line, then food truck operations shall cease at 9:00 p.m.
 - e) Adequate paved parking, ingress and egress are provided on site.
 - f) A temporary use permit is applied for and approved by the Director of the Department of Development Services.
 - g) The Board of Zoning Appeals shall not issue and are not granted the authority to issue variances to any of the regulations relating to Mobile Retail Establishments; all such variance requests must be submitted to City Council. Variances for mobile food establishments shall be considered according to the criteria defined under §712.01 (E).³

D. Special Uses Permitted by Board of Zoning Appeals.

Not applicable in this district.

E. Special Uses Permitted by City Council.

F. Accessory Structures.

1. All such structures shall be located upon the same lot and to the side or rear of the principal use at least 10 feet from side or rear lot lines. Accessory structures may not be located within 25 feet of any residential property. In cases of corner lots, the accessory structure may not be closer to any right-of-way than the principal building.
2. Any accessory building in excess of 1500 square feet of gross space must meet the setback standards for a principal use and shall be architecturally compatible with the principal structure.
3. When an accessory building is attached to the principal building in any manner, it shall be deemed part of the principal structure and subject to all bulk and area requirements of same.
4. No accessory building shall be constructed upon a lot before the principal building, nor shall it contain a greater floor area than the principal structure.
5. No accessory structure may exceed the more restrictive of either 35 feet or the height of the principal building.
6. Heating and air conditioning units may encroach 5 feet into the required rear or side setback.
7. Recycling collection/drop off centers.
 - a) No outside storage allowed.
 - b) Container bins and/or donation boxes are limited to rear or side yards and must be located in such a manner as to be screened from view from the public right-of-way. When a business is located on a corner lot, container bins and/or donation boxes must be placed to the rear or interior side of the property such that the location is not visible from the right-of-way of any street.
 - c) Container bins and/or donation boxes shall not be located within 50 feet of a structure utilized for detached single-family residential purposes.
 - d) Location of container bins and/or donation boxes shall be approved by the Director of the Department of Development Services.

G. Use Limitations.

1. All outside storage areas must be located in the rear yard and must be screened by a solid fence or wall no less than six feet in height. A maximum of 25% of the total lot area may be used for such purposes. Storage of portable sanitation units, portable chemical toilets or any other container intended to hold human waste is prohibited⁵.
2. No manufacturing processes are permitted.
3. Building design and materials may be of the developer's choosing; however:
 - a. Any façade of a building where any portion of that façade is visible from a roadway shall be constructed with a mixture of brick, stone, rock, wood, glass, cementitious siding, aluminum composite material (ACM) panels, or split-faced concrete block (defined as a concrete building unit which appears to have been hand-chiseled (or "split") to give it a textured look).
 - b. The Board of Zoning Appeals shall not issue and are not granted the authority to issue variances to any of the regulations relating to building design and materials, as contained in this paragraph; all such variance requests must be submitted to City Council for consideration.

H. Bulk and Area Regulations.
